SUBJECT INDEX*

ADENINE PHOSPHORIBOSYLTRANSFERASE
Erythrocyte adenine phosphoribosyltransferase in the Lesch-Nyhan syndrome, 1553
ADRENALS
Adrenal medullary exhaustion from tropical winds and its management, 1022
ALBUMIN
The contribution of variations in serum albumin to the characterization of human populations, 1238
ALKALINE PHOSPHATASE
Alkaline phosphatase in pleural effusion, 1588
AMPUTATION
Gait analysis in a series of normal subjects as related to above-the-knee amputees, 592
AMYLOIDOSIS
Electron microscopic analysis of isolated amyloid fibrils from patients with primary, secondary and myeloma-associated disease. A study utilizing shadowing and negative staining techniques, 849
Amyloidogenesis, 857
Transfer amyloidosis, 862
Specific antiserum to rheumatoid arthritis amyloid and its cross reactivity with various amyloid preparations, 868
Resorption of amyloid and enzymatic studies in amyloidosis, 875
Immunological aspects of amyloidosis, 881
ANEMIA
Screening for sickle cell hemoglobinopathy and thalassemia, 1341
ANESTHESIA
Anesthetic management of scoliosis surgery, 791
ANGIOMA
Microneurosurgical excision of an intra- and extramedullary cervical angioma, 92
ANTIBODIES
Analysis of cell membrane antigens using radioiodinated, purified antibodies. I. Solubilization and preliminary fractionation of membrane antigens of cells transformed by SV_{40} virus, 266
Analysis of cell membrane antigens using radioiodinated, purified antibodies. II. A factor in the serum of hamsters bearing SV_{40}-induced tumors which reacts with antibodies to SV_{40}-transformed cell membranes, 277
Complement-fixing activity of antinuclear antibodies induced by procaine amide treatment, 627
Effect of cationic and anionic polyelectrolytes and antibodies on the lysis of micrococci and streptococci by leukocyte lysates and lysozyme (PSC), 663
ANTIDIURETIC HORMONE
Water diuresis in the volume expanded glucocorticoid-deficient dog, 429
α_1-ANTITRYPSIN DEFICIENCY
Screening for α_1-antitrypsin deficiency, 1311
AORTA
Late results of aortic valve replacement by prosthesis, 998
ARTHRITIS, RHEUMATOID
Specific antiserum to rheumatoid arthritis amyloid and its cross reactivity with various amyloid preparations, 868
ARTHROGRYPOSIS MULTIPLEX CONGENITA
Arthrogryposis multiplex congenita—myopathic type, 463
ASCITES CELLS
Studies on different stages in host-tumor relationship. I. Differences in the behavior *in vitro* of ascites cells and lymphocytes derived from mice in early and later stages of tumor growth, 136
ASTHMA
Bronchial asthma in an Israel community. A community survey using primary care resources, 1014
Pulmonary diffusing capacity as a function of lung volume in healthy and asthmatic children, 1535
ATRIAL FIBRILLATION
Effect of preceding cycle length on left ventricular preejection period in a patient with thyrotoxicosis and atrial fibrillation. Study by a noninvasive photoplethysmographic technique, 1003
AUSTRALIA ANTIGEN
Immunologic factors in liver disease, 103
Australia antigen and inherited susceptibility to disease, 1437

BELL'S PALSY
Prevalence of glucose intolerance in patients with Bell's palsy (PSC), 1054
BEVERAGES
Low pH beverages as a potential aid in the prophylaxis of cholera (PSC), 1594
BILHARZIOMA
Bilharzioma of the ureter, 986
BILIRUBIN
Bilirubin metabolism and inheritable jaundice, 1419
BLOOD
Blood groups and hypertension, 989

* PSC = Preliminary or Short Communications

Blood stain identification as described in the Talmud, 1077
Hemophilia and other clotting disorders, 1338
BONES
Effect of thyrocalcitonin on metatarsal bones of normal and calcium-deficient young rats (PSC), 199
Experimental pulmonary fat embolism produced by blunt trauma to bone, 1048
BRACES
Principles of treatment of scoliosis and round back with the Milwaukee brace, 745
Use of the Milwaukee brace, 751
BREAST NEOPLASMS
Management of bleeding intraductal papilloma of the breast, 59
Human breast cancer. A model for cancer immunology, 284
Breast cancer and acute leukemia in a patient with multiple myeloma treated with melphalan, 1044
BUERGER'S DISEASE
Upper thoracic sympathectomy. Immediate and late results, 53
BURKITT'S LYMPHOMA
Burkitt's lymphoma in an Israeli child (PSC), 1052
BURNS
Biochemistry, histopathology and treatment of phosphorus burns. An experimental study, 40

CALCIUM DEFICIENCY
Effect of thyrocalcitonin on metatarsal bones of normal and calcium-deficient young rats (PSC), 199
CAMPTOTHECIN
Inhibition of herpes simplex virus replication by camptothecin (PSC), 1578
CARCINOGENIC AGENTS
Immunological aspects of resistance to the oncogenic effect of 3-methylcholanthrene in mice, 217
Variable influence of host microflora and intercurrent infections on immunological competence and carcinogenesis, 229
CARDIAC COMPETENCE
Evaluation of cardiac competence during rehabilitation following myocardial infarction, 568
CELL SURFACE ANTIGENS
Changes in cell surface properties during the *in vivo* growth of Moloney lymphoma, 239
A new look at the cell surface, 251
Analysis of cell membrane antigens using radioiodinated, purified antibodies. I. Solubilization and preliminary fractionation of membrane antigens of cells transformed by SV_{40} virus, 266
Analysis of cell membrane antigens using radioiodinated, purified antibodies. II. A factor in the serum of hamsters bearing SV_{40}-induced tumors which reacts with antibodies to SV_{40}-transformed cell membranes, 277
CEPHALOSPORIN
Resistance of enteropathogenic strains of *Escherichia coli* to penicillins and cephalosporins, 888
CHLAMYDIA
A contribution to the microbiology of urethritis, 438
CHOLERA
A serological survey for cholera antibodies in the population of Jerusalem and surroundings, 980
Low pH beverages as a potential aid in the prophylaxis of cholera (PSC), 1594
CHOLINESTERASE
Screening for susceptibility to drug reactions. Cholinesterase mutants, 1355
CHORIOANGIOMA
Chorioangioma of the placenta. Clinical and pathological implications, 904
CHYLOUS PERITONITIS
Acute chylous peritonitis. A case report with a review of the literature, 89
CIRCULATORY SHOCK
Detection by chemical methods of a myocardial depressant factor in plasma of animals in circulatory shock, 640
COFFEE
Plasma and urine cortisol behavior and fat mobilization in man after coffee ingestion, 114
COLLAGEN
Delayed regeneration of endometrium induced by enriched collagen solutions (PSC), 195
COLONY INHIBITION
Demonstration of cell-mediated and blocking immune responses to tumor antigens in cancer patients with the colony-inhibition-in-gel test, 308
COMPLEMENT FIXATION
Complement-fixing antinuclear antibodies induced by procaine amide treatment, 627
CONGENITAL MALFORMATIONS
Some indications for genetic factors in congenital malformations, 1400
COPROPORPHYRIN, URINARY
Dubin-Johnson syndrome. Abnormal excretion of the isomers of urinary coproporphyrin by clinically unaffected family members, 1431
CORDYCEPIN
Inhibition of herpes simplex virus replication by cordycepin (PSC), 1581
CORONARY EMBOLISM
Successful resuscitation in coronary embolism occurring as a complication of bacterial endocar-

ditis caused by cell wall defective *Streptococcus viridans*, 1009
CORTICOTROPIN-RELEASING FACTOR
Effect of acute neurogenic stress on hypothalamic corticotropin-releasing factor content (PSC), 1056
CORTISOL
Plasma and urine cortisol behavior and fat mobilization in man after coffee ingestion, 114
Effects of microelectrophoretically administered cortisol on single cell activity in the tuberal hypothalamus of the rat (PSC), 1058
Changes in plasma cortisol, free fatty acids and glucose during tolbutamide-induced hypoglycemia. Further observations (PSC), 1585
COXSACKIE VIRUS
Successive overlapping outbreaks of a febrile illness associated with Coxsackie virus type B4 and ECHO virus type 9 in a kibbutz, 895
CRANIAL BONES
Cranial vault hyperostosis overlying meningioma "en plaque," 62
CREATININE
A comparison between the clearances of insulin, endogenous creatinine and ^{51}Cr-EDTA (PSC), 487
CULTURE MEDIA
Effect of surface active agents and semisolid agar media on the growth of *Mycobacterium leprae* 150
CYPROHEPTADINE
Attempts to delay labor in rats by a serotonin antagonist, cyproheptadine, 1590
CYTOTOXIC ACTIVITY
Changes in cell surface properties during the *in vivo* growth of Moloney lymphoma, 239
Specific killing of RSV-transformed cells *in vitro* by lymphoid cells from RSV tumor-bearing chickens, 258
Functional efficiency of antitumor cytotoxic lymphoid cells, 317
Suppressed development of cytotoxic lymphoid cells in tumor-immunized mice, 324

DIABETES MELLITUS
Spontaneous hypoglycemia in a diabetic patient with renal failure, 1036
Diabetes mellitus among children in Israel, 1404
DISULFIRAM
Prevention by disulfiram of restraint- and indomethacin-induced gastric mucosal ulceration in rats (PSC), 662
DNA
Virus-induced changes in the endogenous pathway of thymidine in animal cells (PSC), 477
DRUG ADVERSE EFFECTS
Adverse reactions to drugs in hospitalized medical patients. A comparative study, 617
DRUG RESISTANCE, MICROBIAL
Resistance of enteropathogenic strains of *Escherichia coli* to penicillins and cephalosporins, 888
DUBIN-JOHNSON SYNDROME
The inheritance of Dubin-Johnson syndrome, 1427
Dubin-Johnson syndrome. Abnormal excretion of the isomers of urinary coproporphyrin by clinically unaffected family members, 1431
DWARFISM
Isolated human growth hormone deficiency and related disorders, 1599

EDTA
A comparison between the clearances of inulin, endogenous creatinine and ^{51}Cr-EDTA (PSC), 487
ELECTROLYTES
Effect of cationic and anionic polyelectrolytes and antibodies on the lysis of micrococci and streptococci by leukocyte lysates and lysozyme (PSC), 663
ENDOCARDITIS
Successful resuscitation in coronary embolism occurring as a complication of bacterial endocarditis caused by cell wall defective *Streptococcus viridans*, 1009
ENDOMETRIAL REGENERATION
Delayed regeneration of endometrium induced by enriched collagen solutions (PSC), 195
ESCHERICHIA COLI
Resistance of enteropathogenic strains of *Escherichia coli* to penicillins and cephalosporins, 888
ESOPHAGUS
Elective, semiclective and emergency splenorenal shunt in the treatment of bleeding esophageal varices, 12
Congenital esophageal atresia. Problems and current management, 27
ESTRIOL
Estriol/creatinine ratios in the first morning urine in normal pregnancy and in pregnancy with suspected fetal death (PSC), 1591
ESTROGENS
Effect of estrogens on histidine metabolism (PSC), 659
ETHNIC GROUPS
Studies of polymorphic traits for the characterization of populations. The populations of Scandinavia, 1147
Genetic polymorphisms in Finno-Ugrian populations. Finns, Lapps and Maris, 1156

Investigation of genetic polymorphic traits in Jews. A contribution to the study of population genetics, 1171
Studies of polymorphic traits for the characterization of populations. African populations south of the Sahara, 1181
Polymorphic traits in peoples of Eastern Asia and the Pacific, 1195
Diversity within and between South American Indian tribes, 1216
Distribution of certain polymorphic traits in populations of the Indian peninsula and South Asia, 1225
The Ainu: A racial isolate? 1285
Merits and difficulties in studies of Middle Eastern isolates, 1291
Ethnic distribution of disease in non-Jews, 1375
Genetic diseases among Jews, 1383
Relatively high prevalence of the Meckel syndrome among Jews, 1399
Thrombasthenia in Iraqi Jews, 1406
Genetic traits and diseases in the North African Jewish community, 1407
The genetics of α-thalassemia in Yemenite and Iraqi Jews, 1457
Thalassemia types among Kurdish Jews, 1461
Heterogeneity of fetal hemoglobin among Israel families with β-thalassemia, 1464

EVOLUTION
Inferences concerning evolutionary forces from genetic data, 1533

FACTOR VII DEFICIENCY
Discussion, 1444

FAT EMBOLISM
Experimental pulmonary fat embolism produced by blunt trauma to bone, 1048

FAT METABOLISM
Plasma and urine cortisol behavior and fat mobilization in man after coffee ingestion, 114
Fat-induced hyperchylomicronemia in a 16-year-old Arab boy, 185
Does hepatic lecithin contribute a diglyceride towards the formation of secretory triglyceride? 925
Changes in plasma cortisol, free fatty acids and glucose during tolbutamide-induced hypoglycemia. Further observations (PSC), 1585

FEBRILE ILLNESS
Successive overlapping outbreaks of a febrile illness associated with Coxsackie virus type B4 and ECHO virus type 9 in a kibbutz, 895

FETUS
Heterogeneity of fetal hemoglobin among Israel families with β-thalassemia, 1464
Estriol/creatinine ratios in the first morning urine in normal pregnancy and in pregnancy with suspected fetal death (PSC), 1591

FOOT AND MOUTH DISEASE VIRUS
Isolation and partial characterization of temperature-sensitive mutants of the SAT-1 strain of foot-and-mouth disease virus, 145

GAIT
Gait analysis in a series of normal subjects as related to above-the-knee amputees, 592

GALACTOSEMIA
Screening for galactosemia. Studies of the gene frequencies for galactosemia and the Duarte variant, 1323

GASTROINTESTINAL TRACT
Multiple lymphomatous polyposis of the gastrointestinal tract, 648
Prevention by disulfiram of restraint- and indomethacin-induced gastric mucosal ulceration in rats (PSC), 662

GAUCHER'S DISEASE
Population study of chronic Gaucher's disease, 1396

GENETIC DISEASE
Ascertainment of genetic disease in relatives of affected persons, 1358

GENETICS, POPULATION
Variants of the group-specific component. A review of their distribution in human populations, 1133
Contribution of variations in serum albumin to the characterization of human populations, 1238
Contribution of the Gm and Inv allotypes to the characterization of human populations, 1249
Population genetics of the HL-A system. A summary of data from the Fifth International Histocompatibility Testing Workshop, 1257
Genetic studies in American inbred populations with particular reference to the Old Order Amish, 1276
Population structure and historical genetics of isolates, 1299
Screening for galactosemia. Studies of the gene frequencies for galactosemia and the Duarte variant, 1323
Population study of chronic Gaucher's disease, 1396
Significance of genetic diseases for population studies, 1410
Population studies and the measurement of natural selection, with special reference to the HL-A system, 1503
Inferences concerning evolutionary forces from genetic data, 1533

GIANT CELL TUMOR
Pleomorphic giant cell tumor of the pancreas. A case report, 84

GLOBIN
Globin synthesis in α- and β-thalassemia, 1469
GLOBULIN, ALPHA
Immunological surveillance and α-globulin, 480
GLUCOCORTICOIDS
Water diuresis in the volume expanded glucocorticoid-deficient dog, 429
GLUCOSE TOLERANCE
Prevalence of glucose intolerance in patients with Bell's palsy (PSC), 1054
GLUCOSE PHOSPHATE ISOMERASE
Molecular heterogeneity of red cell enzymopathies, 1361
GLUTATHIONE
Possible role of glutathione in protein biosynthesis, 129
Effect of oxidized glutathione on protein synthesis, 1475
GM ALLOTYPES
Contribution of Gm and Inv allotypes to the characterization of human populations, 1249
G6PD DEFICIENCY
Screening for glucose-6-phosphate dehydrogenase deficiency, 1350
Detection of glucose-6-phosphate dehydrogenase deficiency in the newborn using blood specimens dried on filter paper, 1353
New developments in glucose-6-phosphate dehydrogenase deficiency, 1484
Neonatal hyperbilirubinemia and glucose-6-phosphate dehydrogenase deficiency, 1547
G6PD VARIANTS
An Iraqi Jewish family with a new red cell glucose-6-phosphate dehydrogenase variant (Gd-Bagdad) and kernicterus, 1040
GROUP-SPECIFIC COMPONENT
The variants of the group-specific component. A review of their distribution in human populations, 1133
GROWTH HORMONE DEFICIENCY
Isolated human growth hormone deficiency and related disorders, 1599

HALO-PELVIC TRACTION
Halo-pelvic traction in scoliosis, 767
HEART
Multiple valve replacement in children with rheumatic heart disease, 19
Occlusive pulmonary vascular disease in a child with a spontaneously closed ventricular septal defect, 469
Effect of preceding cycle length on left ventricular preejection period in a patient with thyrotoxicosis and atrial fibrillation. Study by a noninvasive photoplethysmographic technique, 1003
HEAT
Adrenal medullary exhaustion from tropical winds and its management, 1022
HEMODIALYSIS
Treatment of paraquat poisoning by hemodialysis, 459
Dialysis and transplantation services in Israel. A criticism of their organization, 918
HEMOPHILIA
Hemophilia and other clotting disorders, 1338
HEPATITIS
Hepatitis B antigen-positive hepatitis in an Israeli family, 1542
HERPES SIMPLEX VIRUS
Inhibition of herpes simplex virus replication by camptothecin (PSC), 1578
Inhibition of herpes simplex virus replication by cordycepin (PSC), 1581
HEREDITARY DISEASES
Ascertainment of genetic disease in relatives of affected persons, 1358
Ethnic distribution of disease in non-Jews, 1375
Genetic diseases among Jews, 1383
Some indications for genetic factors in congenital malformations, 1400
Genetic traits and diseases in the North African Jewish community, 1407
Significance of genetic diseases for population studies, 1410
HEXOSAMINIDASES
Studies in Tay-Sachs and Sandhoff's diseases. Immunologic and structural properties of hexosaminidase A and hexosaminidase B, 1335
HIP DISLOCATION, CONGENITAL
Results of early surgical treatment of congenital dislocation of the hip, 71
HISTIDINE
Effect of estrogens on histidine metabolism (PSC), 659
HL-A SYSTEM
Population genetics of the HL-A system. A summary of data from the Fifth International Histocompatibility Testing Workshop, 1257
Population studies and the measurement of natural selection, with special reference to the HL-A system, 1503
HODGKIN'S DISEASE
Thymus-derived lymphocyte (T-cell) depletion in Hodgkin's disease (PSC), 657
Autoradiography of activated lymphocytes in the blood in Hodgkin's disease (PSC), 923
Infective agents in the causation of Hodgkin's dis-

ease. A review of the epidemiological evidence, 932

HOST-TUMOR RELATIONSHIP
Studies on different stages in host-tumor relationship. I. Differences in the behavior *in vitro* of ascites cells and lymphocytes derived from mice in early and later stages of tumor growth, 136
Concomitant immunity and specific desensitization in murine tumor hosts, 332
HYDROGEN-ION CONCENTRATION
Low pH beverages as a potentia¹ aid in the prophylaxis of cholera (PSC), 1594
HYDROXYPROGESTERONE CAPROATE
Effect of hydroxyprogesterone caproate on experimental benign prostatic obstruction in the mouse, 1559
HYPERBILIRUBINEMIA
Neonatal hyperbilirubinemia and glucose-6-phosphate dehydrogenase deficiency, 1547
HYPERCHYLOMICRONEMIA
Fat-induced hyperchylomici ɔnemia in a 16-year-old Arab boy, 185
HYPERGLYCEMIA
Hyperglycemia in acute malathion poisoning, 631
Hyperglycemia in acute malathion intoxication in rats, 635
HYPEROSTOSIS
Cranial vault hyperostosis overlying meningioma "en plaque," 62
HYPERPHENYLALANINEMIA
The hyperphenylalaninemias in Israel, 1393
HYPERSENSITIVITY, DELAYED
Cellular immunity to human tumor-associated antigens. A review, 300
HYPERTENSION
Blood groups and hypertension, 989
HYPOGLYCEMIA
Spontaneous hypoglycemia in a diabetic patient with renal failure, 1036
Changes in plasma cortisol, free fatty acids and glucose during tolbutamide-induced hypoglycemia. (Further observations) (PSC), 1585
HYPOTHALAMUS
Effects of microelectrophoretically administered cortisol on single cell activity in the tuberal hypothalamus of the rat (PSC), 1058

IMMUNE SYSTEM
Rosette-forming cells in mice immunized with sheep and chicken red cells, 175
Immunological aspects of resistance to the oncogenic effect of 3-methylcholanthrene in mice, 217
Variable influence of host microflora and intercurrent infections on immunological competence and carcinogenesis, 229
Cellular immunity to human tumor-associated antigens. A review, 300
Demonstration of cell-mediated and blocking immune responses to tumor antigens in cancer patients with the colony-inhibition-in-gel test, 308
Suppressed development of cytotoxic lymphoid cells in tumor-immunized mice, 324
Concomitant immunity and specific desensitization in murine tumor hosts, 332
Destruction of tumor as an "innocent bystander" in an immune response specifically directed against nontumor antigens, 375
Immunological aspects of amyloidosis, 881
Manipulation of immunologically reactive cell populations *in vitro*. Outline of an approach to specific immunotherapy of cancer, 344
INBREEDING
Genetic studies in American inbred populations with particular reference to the Old Order Amish, 1276
INFECTION
The variable influence of host microflora and intercurrent infections on immunological competence and carcinogenesis, 229
INTRAVITAL WIRELESS TELEMETRY
Results with intravital wireless telemetry of forces in the Harrington distraction rod, 779
INULIN
A comparison between the clearances of inulin, endogenous creatinine and ^{51}Cr-EDTA (PSC), 487
INV ALLOTYPES
Contribution of the Gm and Inv allotypes to the characterization of human populations, 1249
ISOLATES
Genetic studies in American inbred populations with particular reference to the Old Order Amish, 1276
The Ainu: A racial isolate? 1285
Merits and difficulties in studies of Middle Eastern isolates, 1291
Population structure and historical genetics of isolates, 1299

KERNICTERUS
An Iraqi Jewish family with a new red cell glucose-6-phosphate dehydrogenase variant (Gd-Bagdad) and kernicterus, 1040
KIDNEY
Surgical complications following renal homotransplantation. Experience with 37 consecutive transplants, 36
Determination of glomerular permeability in renal

transplantation using polyvinylpyrrolidone, 424
Tissue antigens excreted in the urine under normal and pathological conditions, 490
Dialysis and transplantation services in Israel. A criticism of their organization, 918
Spontaneous hypoglycemia in a diabetic patient with renal failure, 1036
KYPHOSIS
Congenital spine deformity. Natural history and treatment, 719
KYPHOSCOLIOSIS, CONGENITAL
Congenital kyphoscoliosis, 728

LASERS IN SURGERY
The carbon dioxide laser in clinical surgery. A preliminary report, 79
L-DOPA
Effect of L-dopa on transplanted malignant melanomas in mice (PSC), 1062
LEGG-CALVÉ-PERTHES SYNDROME
Growth and development of children with Legg-Calvé-Perthes syndrome in Israel, 612
LEPTOSPIROSIS
Urban rodent-borne disease and rodent distribution in Israel and neighboring countries, 969
LESCH-NYHAN SYNDROME
Erythrocyte adenine phosphoribosyltransferase in the Lesch-Nyhan syndrome, 1553
LEUKEMIA, ACUTE
Breast cancer and acute leukemia in a patient with multiple myeloma treated with melphalan, 1044
LIPIDS
Ultrastructural and lipid biochemical comparisons of human eruptive, tuberous and planar xanthomas, 395
Does hepatic lecithin contribute a diglyceride towards the formation of secretory triglyceride? 925
LIVER DISEASES
Immunologic factors in liver disease, 103
Bilirubin metabolism and inheritable jaundice, 1419
Australia antigen and inherited susceptibility to disease, 1437
Hepatitis B antigen-positive hepatitis in an Israeli family, 1542
LIVER NEOPLASMS
Primary malignant tumors of the liver, 6
The present status of liver transplantation, 98
LUNG
Occlusive pulmonary vascular disease in a child with a spontaneously closed ventricular septal defect, 469
The effects of scoliotic deformities on pulmonary function, 787
Pulmonary diffusing capacity as a function of lung volume in healthy and asthmatic children, 1535
LYMPHATIC TISSUE ANTIGENS
Cross reactions between the antigen of human lymphatic tissues and antigens of monkey, cow, mouse and hamster tissues (PSC), 655
LYMPHOCYTES
Studies on different stages in host-tumor relationship. I. Differences in the behavior *in vitro* of ascites cells and lymphocytes derived from mice in early and later stages of tumor growth, 136
Cellular immunity to human tumor-associated antigens, 300
Autoradiography of activated lymphocytes in the blood in Hodgkin's disease (PSC), 923
LYMPHOID CELLS
Specific killing of RSV-transformed cells *in vitro* by lymphoid cells from RSV tumor-bearing chickens, 258
Functional efficiency of antitumor cytotoxic lymphoid cells, 317
Suppressed development of cytotoxic lymphoid cells in tumor-immunized mice, 324
LYMPHOMA
Changes in cell surface properties during the *in vivo* growth of Moloney lymphoma, 239
Childhood abdominal lymphoma in two brothers, 914
LYMPHOMATOUS POLYPOSIS
Multiple lymphomatous polyposis of the gastrointestinal tract, 648
LYSOSOMAL ENZYMES
Degradation of ^{14}C-labeled group A streptococci and micrococci in muscular lesions in the mouse (PSC), 483
Effect of cationic and anionic polyelectrolytes and antibodies on the lysis of micrococci and streptococci by leukocyte lysates and lysozyme (PSC), 663

MALATHION POISONING
Hyperglycemia in acute malathion poisoning, 631
Hyperglycemia in acute malathion intoxication in rats, 635
MECKEL SYNDROME
Relatively high prevalence of Meckel syndrome among Jews, 1399
MEDICAL EDUCATION
A look to the future, 190
Success and failure of Israel medical students. A study of the correlates and consequences of dropping out, 1064
MELANOMA
Effect of L-dopa on transplanted malignant melanomas in mice (PSC), 1062

MELPHALAN
Breast cancer and acute leukemia in a patient with multiple myeloma treated with melphalan, 1044
MENINGIOMA
Cranial vault hyperostosis overlying meningioma "en plaque," 62
MENINGOCOCCAL INFECTION
Acute pericarditis as a presenting feature of meningococcal septicemia, 1570
METHEMOGLOBINEMIA
An enzyme variation in a case of congenital methemoglobinemia, 909
METHYLCHOLANTHRENE
Immunological aspects of resistance to the oncogenic effect of 3-methylcholanthrene in mice, 217
MICROCOCCUS
Degradation of ^{14}C-labeled group A streptococci and micrococci in muscular lesions in the mouse (PSC), 483
Effect of cationic and anionic polyelectrolytes and antibodies on the lysis of micrococci and streptococci by leukocyte lysates and lysozyme (PSC), 663
MICROFLORA
The variable influence of host microflora and intercurrent infections on immunological competence and carcinogenesis, 229
MICROSCOPY, ELECTRON
Israel Society for Electron Microscopy. Eighth Annual Scientific Meeting. 13 December 1972, Bar-Ilan University, Ramat Gan. Abstracts of papers, 1120
MUSCLE LESION
Degradation of ^{14}C-labeled group A streptococci and micrococci in muscular lesions in the mouse (PSC), 483
MUSCULAR DYSTROPHY
Limb-girdle muscular dystrophy. Case report with electron microscopic study of a muscle biopsy, 603
MYCETOMA PEDIS
Mycetoma pedis. A report of two cases, 900
MYCOBACTERIUM LEPRAE
Effect of surface active agents and semisolid agar media on the growth of *Mycobacterium leprae*, 150
MYCOPLASMA
A contribution to the microbiology of urethritis, 438
MYELOMA
Electron microscopic analysis of isolated amyloid fibrils from patients with primary, secondary and myeloma-associated disease. A study utilizing shadowing and negative staining techniques, 849
Breast cancer and acute leukemia in a patient with multiple myeloma treated with melphalan, 1044
MYOCARDIAL DEPRESSANT FACTOR
Detection by chemical methods of a myocardial depressant factor in plasma of animals in circulatory shock, 640
MYOCARDIAL INFARCTION
Evaluation of cardiac competence during rehabilitation following myocardial infarction, 568

$NADH_2$
An enzyme variation in a case of congenital methemoglobinemia, 909
NEOPLASMS
Studies on different stages in host-tumor relationship. I. Differences in the behavior *in vitro* of ascites cells and lymphocytes derived from mice in early and later stages of tumor growth, 136
Current aspects of tumor immunology. Preface and introduction, 205
Immunological aspects of resistance to the oncogenic effect of 3-methylcholanthrene in mice, 217
Human breast cancer. A model for cancer immunology, 284
Cellular immunity to human tumor-associated antigens. A review, 300
Demonstration of cell-mediated and blocking immune responses to tumor antigens in cancer patients with the colony-inhibition-in-gel test, 308
Functional efficiency of antitumor cytotoxic lymphoid cells, 317
Suppressed development of cytotoxic lymphoid cells in tumor-immunized mice, 324
Concomitant immunity and specific desensitization in murine tumor hosts, 332
Manipulation of immunologically reactive cell populations *in vitro*. Outline of an approach to specific immunotherapy of cancer, 344
A guinea pig model for tumor immunology. A summary, 366
Destruction of tumor as an "innocent bystander" in an immune response specifically directed against nontumor antigens, 375
Heterogenization of normal tissues in oncogenesis. A skeptical review, 380
Immunological surveillance and α-globulin (PSC), 480
NEUROLOGICAL DISEASES
Neurological disease and scoliosis, 739

OBESITY
Body build and self-perception in 13- and 14-year-old Israel children and their relationship to obesity, 120

Changes in plasma cortisol, free fatty acids and glucose during tolbutamide-induced hypoglycemia. Further observations, 1585
OVARY TRANSPLANTATION
Autotransplantation of the uterus and ovaries in dogs, 49

PANCREATIC NEOPLASMS
Pleomorphic giant cell tumor of the pancreas. A case report, 84
Giant islet cell tumor of the pancreas with α-like granules. An ultrastructural study, 1028
PAPILLOMA, INTRADUCTAL
The management of bleeding intraductal papilloma of the breast, 59
PARAPLEGIA
Plasma renin studies in patients with traumatic spinal cord injuries, 587
Spinal problems of childhood paraplegia, 732
PARAQUAT POISONING
Treatment of paraquat poisoning by hemodialysis, 459
PARKINSONISM
Age shift in parkinsonism, 599
PATELLA
Total patellectomy in fractures of the patella, 67
PECTUS EXCAVATUM
Surgical treatment for pectus excavatum, 1565
PENICILLIN
Resistance of enteropathogenic strains of *Escherichia coli* to penicillins and cephalosporins, 888
PERICARDITIS
Acute pericarditis as a presenting feature of meningococcal septicemia, 1570
PHARMACOGENETICS
Screening for susceptibility to drug reactions. Cholinesterase mutants, 1355
PHENYLKETONURIA
The place of large-scale screening in the prevention of hereditary diseases. Phenylketonuria, 1319
PHOTOPLETHYSMOGRAPHY
Effect of preceding cycle length on left ventricular preejection period in a patient with thyrotoxicosis and atrial fibrillation. Study by a noninvasive photoplethysmographic technique, 1003
PLAGUE
Urban rodent-borne disease and rodent distribution in Israel and neighboring countries, 969
PLEURAL EFFUSION
Alkaline phosphatase in pleural effusion, 1588
POLYMORPHISM
Studies of polymorphic traits for the characterization of populations. The populations of Scandinavia, 1147
Genetic polymorphisms in Finno-Ugrian populations. Finns, Lapps and Maris, 1156
Investigation of genetic polymorphic traits in Jews. A contribution to the study of population genetics, 1171
Studies of polymorphic traits for the characterization of populations. African populations south of the Sahara, 1181
Polymorphic traits in peoples of Eastern Asia and the Pacific, 1195
Distribution of certain polymorphic traits in populations of the Indian peninsula and South Asia, 1225
POLYVINYLPYRROLIDONE
Determination of glomerular permeability in renal transplantation using polyvinylpyrrolidone, 424
POSTOPERATIVE COMPLICATIONS
Surgical complications following renal homotransplantation. Experience with 37 consecutive transplants, 36
Complications of the surgical treatment of scoliosis, 837
PREGNANCY
Attempts to delay labor in rats by a serotonin antagonist, cyproheptadine, 1590
Estriol/creatinine ratios in the first morning urine in normal pregnancy and in pregnancy with suspected fetal death, 1591
PROCAINE AMIDE
Complement-fixing activity of antinuclear antibodies induced by procaine amide treatment, 627
PROSTATE
Immunological surveillance and α-globulin (PSC), 480
Effect of hydroxyprogesterone caproate on experimental benign prostatic obstruction in the mouse, 1559
PROTEIN SYNTHESIS
Possible role of glutathione in protein biosynthesis, 129
Effect of oxidized glutathione on protein synthesis, 1475
PSEUDOMONAS AERUGINOSA
Epidemiological aspects of *Pseudomonas aeruginosa* in man, animals and the environment. Application of pyocin typing, 155
PULMONARY FUNCTION
The effects of scoliotic deformities on pulmonary function, 787
PULMONARY VASCULAR DISEASE
Occlusive pulmonary vascular disease in a child with a spontaneously closed ventricular septal defect, 469

PURINE METABOLISM
International Symposium on Purine Metabolism in Man. 17 to 22 June 1973, Tel Aviv. Abstracts of papers, 1080
PYOCIN TYPING
Epidemiological aspects of *Pseudomonas aeruginosa* in man, animals and the environment. Application of pyocin typing, 155
PYRUVATE KINASE
Molecular heterogeneity of red cell enzymopathies, 1361

RAYNAUD'S DISEASE
Upper thoracic sympathectomy. Immediate and late results, 53
RECOMBINATION, GENETIC
Studies of recombination in vegetative cells of *Saccharomyces cerevisiae*, 669
RENIN
Plasma renin studies in patients with traumatic spinal cord injuries, 587
RESUSCITATION
Successful resuscitation in coronary embolism occurring as a complication of bacterial endocarditis caused by cell wall defective *Streptococcus viridans*, 1009
RHEUMATIC HEART DISEASE
Multiple valve replacement in children with rheumatic heart disease, 19
RNA, VIRAL
Isolation and partial characterization of temperature-sensitive mutants of the SAT-1 strain of foot-and-mouth disease virus, 145
RODENT-BORNE DISEASES
Urban rodent-borne disease and rodent distribution in Israel and neighboring countries, 969
ROSETTE-FORMING CELLS
Rosette-forming cells in mice immunized with sheep and chicken red cells, 175
ROUS SARCOMA VIRUS
Specific killing of RSV-transformed cells *in vitro* by lymphoid cells from RSV tumor-bearing chickens, 258

SALMONELLA
Studies of the strain of *Salmonella typhi* responsible for the Aberdeen typhoid outbreak, 162
Urban rodent-borne disease and rodent distribution in Israel and neighboring countries, 969
SANDHOFF'S DISEASE
Studies in Tay-Sach's and Sandhoff's diseases. Immunologic and structural properties of hexosaminidase A and hexosaminidase B, 1335
SCOLIOSIS
Scoliosis and neurological disease, 578
Scoliosis—So far and where further? 703
Etiology of idiopathic scoliosis, 705
Familial incidence of idiopathic scoliosis. Its implication in patient care, 711
Experimental scoliosis, 714
Neurological disease and scoliosis, 739
Principles of treatment of scoliosis and round back with the Milwaukee brace, 745
Use of plaster casts in scoliosis, 755
A new technique of correction and fusion, 759
Preoperative correction of scoliosis, 771
The development and further prospects of internal fixation of the spine, 773
Results with intravital wireless telemetry of forces in the Harrington distraction rod, 779
Effects of scoliotic deformities on pulmonary function, 787
Anesthetic management of scoliosis surgery, 791
Surgical treatment of idiopathic scoliosis, 797
Anterior instrumentation for scoliosis, 805
Surgical treatment of paralytic scoliosis, 813
Analysis of the end results of the surgical treatment of idiopathic scoliosis, 823
Complications of the surgical treatment of scoliosis, 837
Future of scoliosis, 847
SCREENING
Screening for α_1-antitrypsin deficiency, 1311
The place of large-scale screening in the prevention of hereditary diseases. Phenylketonuria, 1319
Screening for galactosemia. Studies of the gene frequencies for galactosemia and the Duarte variant, 1323
A screening program for Tay-Sachs disease in Israel, 1330
Screening for sickle cell hemoglobinopathy and thalassemia, 1341
Screening for glucose-6-phosphate dehydrogenase deficiency, 1350
Detection of glucose-6-phosphate dehydrogenase deficiency in the newborn using blood specimens dried on filter paper, 1353
Screening for susceptibility to drug reactions. Cholinesterase mutants, 1355
SELECTION
Population studies and the measurement of natural selection, with special reference to the HL-A system, 1503
SENDAI VIRUS
Virus-induced changes in the endogenous pathway of thymidine in animal cells (PSC), 477

SEPTICEMIA
Acute pericarditis as a presenting feature of meningococcal septicemia, 1570
SEX EDUCATION
International Symposium on Sex Education. 3 to 7 July 1972, Tel Aviv, 1125
SPINAL CORD
Microneurosurgical excision of the intra- and extramedullary cervical angioma, 92
Plasma renin studies in patients with traumatic spinal cord injuries, 587
SPINE
Congenital spine deformity. Natural history and treatment, 719
Development and further prospects of internal fixation of the spine, 773
SPLENORENAL SHUNT
Elective, semielective and emergency splenorenal shunt in the treatment of bleeding esophageal varices, 12
STOMACH
Spontaneous rupture of the stomach, 1574
STREPTOCOCCUS
Degradation of ^{14}C-labeled group A streptococci and micrococci in muscular lesions in the mouse (PSC), 483
Effect of cationic and anionic polyelectrolytes and antibodies on the lysis of micrococci and streptococci by leukocyte lysates and lysozyme (PSC), 663
STRESS
Effect of acute neurogenic stress on hypothalamic corticotropin-releasing factor content (PSC), 1056
SUDDEN INFANT DEATH
Sudden infant death. A pilot enquiry into its frequency in Israel, 447
Sudden infant death syndrome in the Ashkelon district. A 10-year survey, 452
SURFACE ACTIVE AGENTS
Effect of surface active agents and semisolid agar media in the growth of *Mycobacterium leprae*, 150
SURGERY
Editorial: The future of surgery in Israel, 1
Editorial: Is technical dexterity still important in modern surgery? 3
SV_{40} VIRUS
Analysis of cell membrane antigens using radioiodinated, purified antibodies. I. Solubilization and preliminary fractionation of membrane antigens of cells transformed by SV_{40} virus, 266
Analysis of cell membrane antigens using radioiodinated, purified antibodies. II. A factor in the serum of hamsters bearing SV_{40}-induced tumors which reacts with antibodies to SV_{40}-transformed cell membranes, 277
SYMPOSIA, CONGRESSES AND SCIENTIFIC MEETINGS
Third Mediterranean Congress on Thromboembolism. Abstracts of papers, 954
International Symposium on Purine Metabolism in Man. Abstracts of papers, 1080
Israel Society for Electron Microscopy. Eighth Annual Scientific Meeting. Abstracts of papers, 1120
International Symposium on Sex Education, 1125
TAY-SACHS DISEASE
A screening program for Tay-Sachs disease in Israel, 1330
Studies in Tay-Sachs and Sandhoff's diseases. Immunologic and structural properties of hexosaminidase A and hexosaminidase B, 1335
T CELLS
Thymus-derived lymphocyte (T cell) depletion in Hodgkin's disease (PSC), 657
THALASSEMIA
Screening for sickle cell hemoglobinopathy and thalassemia, 1341
Biochemical aspects of the pathogenesis of the thalassemia syndromes, 1448
Genetics of α-thalassemia in Yemenite and Iraqi Jews, 1457
Thalassemia types among Kurdish Jews, 1461
Heterogeneity of fetal hemoglobin among Israel families with β-thalassemia, 1464
Globin synthesis in α- and β-thalassemia, 1469
THORACIC SYMPATHECTOMY
Upper thoracic sympathectomy. Immediate and late results, 53
THROMBASTHENIA
Thrombasthenia in Iraqi Jews, 1406
THROMBOEMBOLISM
The Third Mediterranean Congress on Thromboembolism. 3 to 8 June 1973, Tel Aviv. Abstracts of papers, 954
THYMIDINE
Virus-induced changes in the endogenous pathway of thymidine in animal cells (PSC), 477
THYROCALCITONIN
Effect of thyrocalcitonin on metatarsal bones of normal and calcium-deficient young rats (PSC), 199
THYROID
Thyroid function tests in the first year of life (PSC), 929
TISSUE ANTIGENS
Tissue antigens excreted in the urine under

normal and pathological conditions, 490
TRIGLYCERIDE
Does hepatic lecithin contribute a diglyceride towards the formation of secretory triglyceride? (PSC), 925
TYPHOID
Studies of the strain of *Salmonella typhi* responsible for the Aberdeen typhoid outbreak, 162
TYPHUS
Urban rodent-borne disease and rodent distribution in Israel and neighboring countries, 969

URETHRITIS
A contribution to the microbiology of urethritis, 438
URINE
Tissue antigens excreted in the urine under normal and pathological conditions, 490
UTERUS TRANSPLANTATION
Autotransplantation of the uterus and ovaries in dogs, 49

VARIATION, GENETIC
Diversity within and between South American Indian tribes, 1216
The contribution of variations in serum albumin to the characterization of human populations, 1238
VIRUS
Successive overlapping outbreaks of a febrile illness associated with Coxsackie virus type B4 and ECHO virus type 9 in a kibbutz, 895
Infective agents in the causation of Hodgkin's disease. A review of the epidemiological evidence, 932
Inhibition of herpes simplex virus replication by camptothecin (PSC), 1578
Inhibition of herpes simplex virus replication by cordycepin (PSC), 1581

WATER DIURESIS
Water diuresis in the volume expanded glucocorticoid-deficient dog, 429

XANTHOMA
Ultrastructural and lipid biochemical comparisons of human eruptive, tuberous and planar xanthomas, 395
